

CHOOSE LOVE OVER FEAR

It's not about falling in love. It's about rising in love, together.

BY RAISSA TELES ∞ LOVE COACH

* MENTORSHIP FOR CONSCIOUS RELATING, GUIDED BY THE PIRATE CODE: FIVE PRINCIPLES FOR A NEW CULTURE ON EARTH.

WHY

Love isn't a feeling. It's a daily choice.

Most of what we call love is fear, disguised. The work is to uncover it. To go through everything that stands between us and a state of pure love and elevated consciousness.

Romantic relationships are, for me, the most powerful laboratory to understand what distracts us from that state.

THE OFFER

This work is about looking at everything you project outward, especially onto those closest to you, and bringing it back to where it belongs: inside you. Reclaiming your own power.

Together, we map the stuck energies within your relationships, trace them to their roots, and liberate love through a change of narrative and behavior, held by self-responsibility and radical truth.

Our sessions awaken your innate ability to turn fear and limiting patterns into your greatest teachers. Shadow and light integrate. Lack gives way to wholeness.

This is an invitation to remember who you are, and from that place, to create **sacred, sovereign unions**.

WHO THIS IS FOR

Singles, couples, mono or poly.
It's not about the flag, not about the format. My only flag is love.

This work is for those truly committed to transform: to step out of victimhood and drama, and return to the intelligence of your heart, no matter what.

WHY ME

15 years researching love, fear, and human consciousness. Therapy tools, mystic schools, philosophy, psychology. Over a decade in a non-conventional marriage built on radical honesty, holding the paradox of freedom and devotion.

"For a few years now, the work with Raissa has kept my life aligned with love, and helped me correct course when difficulties came. I feel deep gratitude for her safe, steady support, especially in the hardest moments."
